### **Cyclopharm makes its first sale in Russia**

Cyclopharm Limited (ASX: CYC) is delighted to announce it has achieved the first sale of Technegas products in Russia.

The sale of a TechnegasPlus generator has been made to a luminary Nuclear Medical site in Russia. This site has agreed to take responsibility for the regulatory approval process for Technegas in Russia.

Russia represents one of the last, very substantial markets in Europe where Technegas is not sold. There are in excess of 700 large Nuclear Medicine sites in Russia, and we are very hopeful that Russia will develop into a major market for our business over time.
